

Novo Cupido

*Wholesale Ready-Made Metal Desktop Picture Frames
HAND-MADE!*

We hand-make unique, ready-made metal desktop picture frames.

These unique hand-made, metal ready-made picture frames are aesthetically pleasing no matter which direction one views the frame. They sit upright on any relatively flat surface.

All frames are hand-fashioned with quality materials. Most manufacturers would skimp on the quality of the back-side of the frame ... but, not at NovoCupido ... we brush-finish the back side of all frames.

All frames are only manufactured in the size of 6" x 6". Special sizes can also be ordered. If you have a request for a particular size, please contact us.

Many purchase these picture frames for the aesthetically pleasing art of the frame itself ... and, some even use them as picture frames!

Details of each frame are on the following pages.

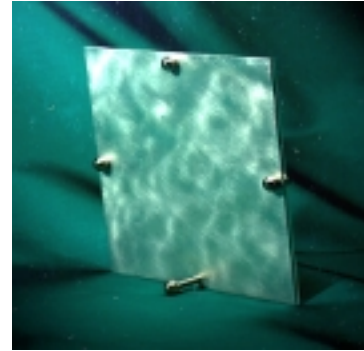

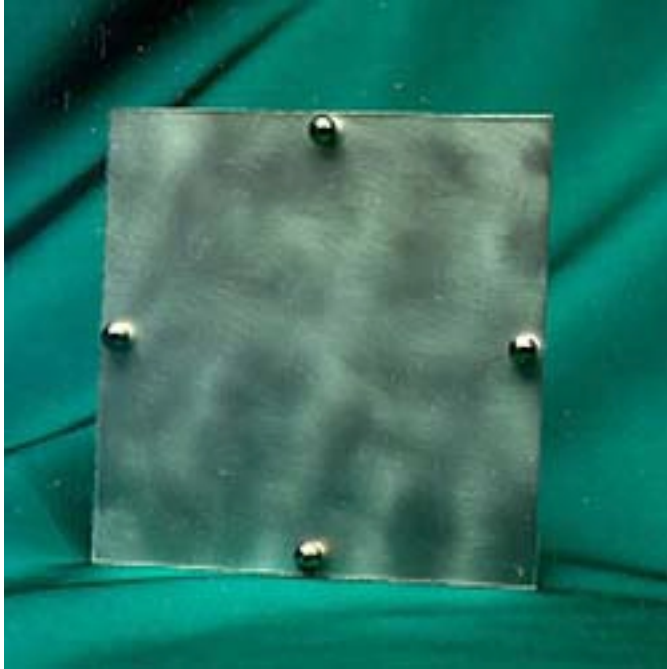

Please visit our website to place your order today!

Novo Cupido

*Wholesale Hand-Made Brushed Flat Metal
Ready-Made Desktop Picture Frame*

Sits on most any flat surface with use of pictured stand-off extension

- ◆ **Brushed-flat finish (both sides brushed)**
- ◆ **Nickel plated brass hardware**
- ◆ **Standard size is 6"x6" (usable space is 5-1/4" x 5-1/4")**
- ◆ **Custom sizes are available by special order**
- ◆ **\$19.95 each. *For quantities over 50, please contact for discount pricing***

The frame sits upright on any relatively smooth surface by use of a stand-off extension. Items can be sandwiched between the aluminum and the piece of clear, scratch-resistant acrylic. To insert an item, loosen or disassemble the frame by unscrewing the nickel plated brass nuts that hold the acrylic to the metal frame.
